

SUMMIT CHRISTIAN ACADEMY MIDDLE SCHOOL

Christian education has seen unprecedented growth in the last few years. In the Coeur d'Alene area, wait lists are full of eager families desiring to build their children's foundation on Christ. SUMMIT has been blessed with additional enrollment, and God is calling us to do more. In fall 2023, SUMMIT Christian Academy will launch a middle school, starting with 6th grade and adding a grade level each year through the 8th grade.

WHAT SETS SUMMIT APART

SUMMIT is known for its rigorous and rewarding academic program. We take pride in producing learners who think clearly, communicate effectively and are grounded in the principles of faith. Biblical teaching, leadership training, music, drama, art & speech are paramount at SUMMIT. Our middle school will be next level and designed to challenge and inspire students as they grow and thrive in these areas. Students will learn to think critically and solve problems. They will become independent learners and involved leaders supported and guided by our engaged and dedicated teachers and staff.

ENDLESS OPPORTUNITIES FOR GROWTH

Students will experience the following at SUMMIT Middle School:

- **CURRICULUM** *Crafted to inspire students to become critical thinkers who are eager and ready for high school and beyond.*
- **ELECTIVE CLASSES** *Aimed at allowing students to dive deeper into their areas of interest.*
- **ATHLETICS** *Designed to strengthen the students' connection between growing bodies and developing minds.*
- **LEADERSHIP** *Christ has called each of us to be servant leaders. At SUMMIT, we don't take that calling lightly. In a culture that teaches students to only look out for themselves, the scriptures paint a different story. Students will be given opportunities to look outside of themselves and see how God has uniquely placed them here to serve a purpose.*
- **TRANSFORMATION** *Middle school is a transformational time. A student leaves 5th grade as a child and 8th grade as a teenager. Our teachers and staff will help students navigate this time with courage and understanding.*

Registration opens January 2023
